## Chapter Director's Message

Happy New Year!!

Deb and I wish everyone a wonderful, healthy, and safe new year. We would also like to thank all the officers and chapter participants that helped make 2012 a successful year for CA-2S.

We had great safety presentations by our Educators, excellent rides by our Ride Coordinator, off-site presentations for our chapter participants at little or no cost, and several rides for charity.

All and all it was pretty productive for our first year under new leadership. I wanted to get to other chapter meetings around the state last year, but that didn't happen. This is one of our goals for this year. Our ride planning meeting will be held January 27, at 11am at Roger and Mary Kay's home, directions and poll to follow. This is a great meeting to talk about all that we would like to do in 2013. We would like to encourage EVERYONE to attend this meeting, as this is YOUR chapter, and you have a voice about where you would like to go, and what you would like to do. Ron Green will be bringing a list of rides from the past; however we are definitely not limited to these. Bring your ideas, bring your voice, and bring some FOOD! After all...it's not a chapter event without food, right?

Our Officer's Weekend is January 19 – 20, so we'll be bringing back information and new ideas to you from this as well.

We're looking forward to a new year filled with FUN, Safety, and Knowledge. Won't you join us?

Charlie & Debra  
CA-2S Chapter Directors,

## CA2S News

***No Birthdays or Anniversaries this month.***

***Harry Wilson turned 90 last month!  
Congratulations!!***

### **Do you order online from Amazon?**

If so, help the chapter by using our special account.

The winner of the Wing Nut this month is Pete Stinson.

ACD's  
Message

As I sit here in Alabama with the morning temperature about 27 degrees, sunny and windy, but Patti says “not a great motorcycle day.” Still, I am reminded of all we have to be thankful for in looking forward towards the New Year. Just think, we survived the Mayan apocalypse and the Rapture – not to mention another major election process. Come to think of it, if Mayans could predict the future, there would still be Mayans. Curses, fooled again!

I know each of you had your ups and downs throughout the year. At the end of it all we are still here enjoying life and being thankful for all the positives we enjoyed through 2012. So here we are looking forward. Patti and I look forward to seeing all y'all at the next meeting. We have our Officer's Conference in a couple of weeks, and our ride planning meeting right after that.

While in Alabama and Florida, we try to stay involved with Chapters in those areas. There is Chapter M in Alabama and Chapter 2G in FL.

When we joined Chapter M, we found them a great bunch of folks, but a very small chapter. We attended our first meeting about two years ago. There were about 10 in attendance. There was concern, but energy to make the Chapter grow. Our last meeting hosted about 26 folks and that has been the attendance over the past year or so. They did it! We find it interesting that the meetings and Chapter members are similar to ours. There are the same ups/downs, laughter, personalities, etc. In fact, you can close your eyes and go from ours to there's and feel like you are in the same place. What is predominant is the uplifted spirit of the folks.

We did not have an opportunity to attend the meeting for Chapter 2G in Florida, but we were in touch with them. Sure seemed like a bunch of the same folks there too. What impressed us about 2G was their calendar – holy

cow! These folks are busy. There were one or two or more items of Chapter activity per week – mostly rides. Chapter M in Alabama gets out on their bikes a good deal enjoying the famous RTE (Ride to Eat) adventures. Believe me, you've not had BBQ like they have in the south. In both Chapters, AL & FL, we see a great deal of spirit, friendship, and fun.

So it got me to thinkin' “What can we do to promote even more fun in our Chapter?” Well, we are all about motorcycles and rides so the obvious is to promote more riding opportunity, and not for just a few – for everyone. What's happened to the impromptu rides? They can be on weekdays or weekends. Weather is no excuse. Unlike FL and AL, in California we have the best riding climate in the United States. I know many work during the week, but some do not. And, there are plenty of Saturday's and Sundays. We come up with a pretty good schedule at the planning meeting with one scheduled ride and a ride after the meeting, but when the “rubber hits the road” few show up. I know everyone can't make every event, but we can do better.

We need to support Ron Green. No one knows these back roads and great food dives like Ron. He goes through a great deal to plan the ride, engineer the route, and coordinate with the eateries. The least we could do is show up. Let's give Ron a hand in making these rides successful.

What else? How about some dinners out as a group? We could pick a restaurant once a month, every other month, etc. Maybe we look at other destinations for our rides. Let's stir the pot a little. The idea here is to promote more fellowship in our Chapter, have some fun. We eat at the Black Bear Diner for our Business Meeting – dang, business aside there is a lot of laughter and fun during that time. Hey, ya' gotta eat anyhow, lets all get out and enjoy the time together.

What/who can make this happen? All y'all! Let's think about this for the next planning meeting and carry it on to the February business meeting. Let's come up with more ideas for rides – RTE's, let's talk about what you want to do. There is no doubt we can come up with more ideas to promote fun and fellowship in our Chapter. I see what happens in other chapters and I know we can do as well if not better.

Our New Year's resolution can be: Let's make Chapter CA2S a Chapter others can envy and look up to for all we do and accomplish. The focus for 2013 is FUN!

Sal and Patti Esposito

## Patti's Corner

Talking about FUN.. One of the fun things that we do every year as a way to raise money for our chapter is to have the garage sale. While the calendar hasn't been planned, yet... Let's start thinking about the garage sale...what better place to get rid of those treasures that we got for Christmas, while we scratched our head wondering what prompted the person buying the gift to buy that one.

Or, what better time to clean out your attic or your garage to get ready for the garage sale?? One way that I got a bunch of stuff to sell was to ask my friends if they had stuff that they wanted to get rid of... It was easier to give it to me than to have a garage sale of their own or haul them off to a donation center.

So, 2013 should be the year of clean garages and clean attics... go on, clean out all the stuff that we accumulate and let's have lots of great things at the garage sale... - And, a good deal of fun doing it!

Wishing you all good health and happiness in 2013.

Happy New Year!

See ya' on the 19<sup>th</sup>!

Sal and Patti Esposito

## *Safety Corner, by Rocky Fagundes*

### **SAFETY THOUGHTS FOR THE NEW YEAR**

As we begin the new year, it might be time to consider as a New Year's resolution, "safety" as a GWRRA member, and what you can do to improve your odds should you be at the wrong place at the wrong time. Take a moment to evaluate what you have done this past year to improve your riding skills, re-place your riding gear, or making improvements to enhance safety of your bike. One or all of these items can work together to increase your chances of enjoying many more "wind therapy" rides in the future. Let's take a look at these areas of concern one at a time, and see if you can find ways to make 2013 a safer year for you and your co-rider.

First, what have you done to maintain or improve your riding skills? Of course, we all know that our skills are perishable and need regular attention just to maintain the correct responses in those moments when someone cuts you off, or the corner's radius is a bit tighter than you thought, right? Regular practice sessions on your own, PLP's with your local chapter, and outside professional courses are all ways to maintain or improve your abilities as motorcycle riders. Have you participated in any of the above, this last year? Well, why not this coming year? Remember, it doesn't matter how much you ride throughout the year from point A to point B, it's the extra ability to handle unplanned situations that might arise along the way.

Secondly, what is the condition of your riding gear? Is it time to replace any worn items? Broken zippers, worn snaps, etc. can cause distractions from your riding. If it is time for replacement, why not consider something with some more conspicuity. As we all know, part of being safe is being seen, right? If everything is in good shape, why not consider a "hi-vis" vest to wear over your jacket adding that extra protection of "being seen". The color of your helmet is also a place to consider being seen. There is a good reason most motor-officer's helmets are white. Light or brighter colors help motorist to see you better, and judge your approaching speed more accurately. Protecting your lower body is also a good idea. Sturdy riding pants provide protection and help ward off the elements of the weather you may be encountering. Lastly, your feet are important don't you think? Good riding boots provide extra grip on the road surfaces, when needed. Over the ankle protection could mean having the full use of your foot, even from a simple tip-over! I don't know about you, but many a time, I have scraped my shin on foot pegs and was glad my boots were re-enforced there as well. ATGATT goes without saying if you are serious about safety!

Lastly, how about your motorcycle? Do you do regular T-CLOC's inspections before you ride? Yeah, that's what I thought. We are all guilty of just throwing a leg over the bike and away we go. Regular inspection of all the major controls, etc. can spot trouble before you get too far down the road. Tire inflation is the easiest to overlook, but the simplest to achieve. Fluid levels, loose parts all need attention before they get yours! Suspension adjustments could be in order depending on your load. Suspension improvements could also make your ride more custom tailored to you riding abilities. You want to get the most out of your ride, right? To ride harder, maybe you need a firmer suspension setting or new equipment. Tires are always a wear concern. With the right pressure, and suspension settings you can enjoy the ride and get the full mileage from your next set of tires. Riding at night? Additional lighting added to your ride could make motorist see you before it is too late. Many options are available for additional points of light. The Xmas parade participates, I am sure would be glad to give you ideas about where you can get more "wow" in your lighting system. LOL!

Well, I think you get the idea! There are always places we could improve in our riding skills, our riding gear, and of course, our treasured rides! Take a moment this January, and think about your riding future. What improvements, safety wise, would help you enjoy your riding even more? As we move into the new year, why not make it a better, safer, one. I for one will be following my own advice, with a new riding suit, white helmet, and a new ride!

Remember, "If the wheels aint turnin, you aint learnin" Ride safe and have a great New Year!

### **Doc Wong's Calendar of Riding Clinics**

No 2013 schedule posted yet.

These clinics are hosted by Dr. Harry Wong, located at 1021 Alameda De Las Pulgas, Belmont, CA. Most clinics are free. More information is available at [www.docwong.com/st-clinic/](http://www.docwong.com/st-clinic/), or by phoning (650) 365-7775. He also maintains the Doc-Ride mail list, which you may subscribe to at the web site.

## *District Director's Message*

### **Hang On – The Ride Is Not Over Yet**

As we ring in the New Year, there is so much to consider, contemplate, and worry about. Will congress find a way to set aside their partisan politics and come together to avert the fiscal cliff? (Probably not in time to prevent the country from suffering needless angst and too many sleepless nights.) Will the senseless killings and random acts of violence ever end? (I pray so every night!) Will America continue to support Taylor Swift by buying her albums despite their insipid lyrics? (I know that I am never, ever, ever going to. Did I say ever?) Will Tim Tebow finally get traded to a team that will play him and does anyone really care? (I know that I don't.) Will this year's District Convention be held at Mammoth for a fourth consecutive year? (Unfortunately, no. They raised their prices to \$140/night.) With all of the uncertainty Of these and all the other problems in the world, it is often difficult to sit and be still long enough to reflect on all of the blessings we do have.

In addition to my wife, children, 4 grandchildren and a few very close, personal friends, I count my GWRRA family among my many blessings as you have proven time and again your willingness to come to the aid of your fellow members in times of need and sorrow, and, equally, your desire to come together in times of celebration and joy to share our love motorcycling. As most of you know, my wife and I took over the reigns as California's District Directors this month from Bill and Rene Johnson. While the effective date was January 1, the process actually started 3½ years ago, when Bill and Rene first recruited us to be their assistants. Our shared vision was to construct a long-term business plan for California that would span both of our terms and to implement that plan with the most qualified staff we could find. Pam and I would like to thank Bill and Rene not only for all of their hard work and

dedication on behalf of California and GWRRA, but also for all of the mentoring to us that they have provided. There are several lessons that I have learned from the Johnsons:

- Let other people have the spotlight and the podium; it is the best way to demonstrate your faith in their knowledge.
- Don't micromanage your staff; you recruited the best candidate available now let them do their job.
- Empower people to solve their own problems; expect them to come with solutions and not just issues.
- Communicate frequently; emails are free and it preempts people from filling a void of information with supposition and rumors.
- Encourage divergent points of view; if everyone is always in agreement, better alternatives never emerge.
- Include your staff in the decision making process; it is how they learn to become decision makers.
- Praise your staff in public; it is how you build loyalty.
- Correct your staff in private; it is how you build respect.
- Support your staff; it is how you build loyalty.
- Appreciate your staff; they are all volunteers too.
- And, finally, don't take yourself too seriously; this is supposed to be fun.

After three years as their Assistants, Pam and I can honestly say that it has been a privilege and a pleasure to serve under them. As a final demonstration of their devotion to our District, they have graciously agreed to remain on our staff as our Event Coordinators. On behalf of ourselves and all of the members, Pam and I would like to thank Bill and Rene for all of their hard work and dedication and we promise to continue to build on what you have created.

Until next month, ride well and ride often.

p.s. On Saturday, January 26<sup>th</sup>, we will be holding our annual Officer's Conference in Bakersfield. This meeting is open to all members so please R.S.V.P. to your Chapter Director so we know how members to plan for.

#### Torqmaster Exhaust pipes for Goldwing 1800

I purchased and installed these pipes on my 2006 in October. I had my GL 1800 triked and to my dismay the pipes no longer fit. These pipes have less than 1000 miles of use and are in like new condition. I paid over \$500 plus tax and shipping.

<http://www.torqmasterpipes.com/index.php?>

Asking \$300

Contact Sal: 408-639-0609. BVR@att.net

I have quit working on cars and bikes and am ready to get rid of some nice tools and a Snap-On Box. There is a seven drawer Roll-Away with a Five drawer Top Box with seven 4 inch wide drawers on the right side. There is a 10"X18" side cabinet that hangs on one side of the Roll-Away. There are many Snap-On, Craftsman and other tools that fill the tool box. Many dollars have been spent and good care taken of the this. I am asking \$1,700.00 for everything. I do not want to split things up so it all has to go together. A great way for someone who might be thinking of buying tools and to save a couple thousand dollars. Call me at (408) 252-7777 or (408) 655-7630. Virg

Recall: 21,600 Honda Goldwing motorcycles for aftermarket Kuryakyn floorboards  
Dec 20, 2011 9:45 AM

The National Highway traffic Safety Administration has issued a safety recall alert for 21,600 Honda Goldwing motorcycles. Aftermarket floorboards made by Kuryakyn may crack and break off from the Honda motorbikes, possibly injuring riders or cause collisions.

NHTSA says the issue affects Kuryakyn floorboards, part number 607005, that were sold and installed on 2001-2011 Honda Goldwing motorcycles.

Kuryakyn is expected to begin notifying owners affected by this recall in January and will provide replacement mounting kits for free,

For more information, consumers can call Kuryakyn (715-247-5008) or visit the NHTSA website:

[www.SaferCar.gov](http://www.SaferCar.gov).

[Recall: 2001-2011 Honda \(GL 1800\) Goldwing Motorcycles - Floorboards](#) Campaign ID#: 11E054000

September 12, 2012

I am pleased to announce a special Wing Ding 35 Promotion in conjunction with our Home Office.

We will be giving away a four night stay and two registrations, (one from each Region-US and Canada) along with one winner from overseas.

All full registrations received by May 1, 2013 will be eligible for a drawing to be held at Home Office and winners will be notified as to their hotel location and full registrations will be refunded.

I encourage everyone to get their registrations in early as Wing Ding 35 in Greenville, SC will be an outstanding Wing Ding!

Mark your calendars and don't be tardy, it's a grand old time at the Wing Ding Party!

Sincerely,

*Jere D. Goodman*
